Dear Mr. Pipkin:

Thank you for the professional and efficient work you did on the Jose and Maria Villarreal matter. Without your assistance, we would have been unable to bring this matter to a successful resolution. We will certainly be sure to use your services again, should we require an investigator in the California area and will also be sure to recommend your offices to other attorneys in the Abilene area.

Once again, thank you for a job well done.

Sincerely,

Donald G. MacPhail
