RE: William Race Landers v. Juanita Morales  
Tulare County Superior Court Case No. 01-195203  
Our File No. 540543

Dear Rocky:

As you know, we achieved a defense verdict in the above-referenced case on August 11, 2004. This verdict was made possible in large part by the effective investigation done by your office. I wish to commend you and Mr. Robert Matthews regarding the surveillance work that established Mr. Landers as having an avocation to golf, despite his claims to be permanently disabled with spinal injury. This fact, among other problems for plaintiff's credibility, added up to a jury finding that Mr. Landers did not prove any damages in a case of admitted liability and a substantial collision (which resulted in my own client being taken to the hospital by ambulance).

Again, I thank you very much for your services and I look forward to working with your office in the future.

Very truly yours,

NELSON, ROZIER & BETTENCOURT
